Brief Description: This home is convenient and pristine. Less than 4 miles to WFUBMC, it is a one owner home and all on one level. Our medical family lovingly choose hardwood flooring, neutral paint colors and built many of the custom woodworking features with our own hands! We added moldings, upscale fixtures and even a new kitchen sink, made of granite. We also have the perfect backyard to wind down after a hard day at work. Enjoy the deck, patio, colorful landscape and bubbling brook, all on a wooded lot. It's not just another house, it's a place to call home.
